

MIGHTYLITE  
WORK & SITE  
LIGHTING  
RANGE  
2018

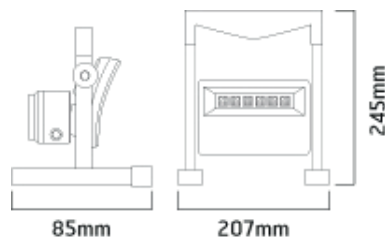

**For over a decade, Green Lighting has been a pioneer in developing market leading lighting for the housebuilder.**

Our philosophy is to deliver innovative products, cost effectively to the housebuilder via direct specification.

As a designer, manufacturer and distributor of LED lighting, Green Lighting offer a unique route to market, providing full traceability, after sales service and product warranties.

For 2018 we have introduced a vast range of new products with market leading technology to meet Part L1 2013 and deliver cost effectiveness to the end user.
